

HBFL

High Bay/Flood Light

The Ironclad® High Bay/Flood Light is a high lumen output system that combines two designs. This fixture's ability to cover large areas by utilizing high lumen outputs and versatile beam angles allows for maximum coverage in high mounting applications such as hangers, building exteriors and open recreational areas.

- Specifically designed to replace 1000W and 2000W HID/Metal Halide Lamps.
- Features an **IP65** rating to withstand dust and low pressure wash downs and an **IK08** rating for high impact resistance.

Specifications:

- 450W/72,000 Lumens or 600W/96,000 Lumens
- 5000K CCT
- 70 CRI
- 100-277VAC, 50/60 Hz
- Dimmable, Daylight Sensor, Microwave Sensor, PIR Sensor, Wireless Control
- L70>36,000 Hours
- Operating Temp:-22°F to 113°F (-30°C to 45°C)
- Dimensions: 18" diameter x 10" Tall
- Weights: Bracket- 4.7lbs., Visor- 1.95 lbs., Main Unit- 33 lbs.
- Warranty: 5 year limited warranty

Part Numbers:

- FX848HBFL450W (*450W Option*)
- FX848HBFL450W-BRKT-VISOR (*450W w/ bracket & reflector*)
- FX848HBFL450W-MT BRKT (*450W w/ bracket*)
- FX848HBFL450W-VISOR (*450W w/ reflector*)
- FX849HBFL600W (*600W Option*)
- FX849HBFL600W-BRKT-VISOR (*600W w/ bracket & reflector*)
- FX849HBFL600W-MT BRKT (*600W w/ bracket*)
- FX849HBFL600W-VISOR (*600W w/ reflector*)

Certifications: DLC, IP65 Dust-proof & Pressure Jets, IK08 Impact Rating
